Scoring Division 6

Example

		Pass 1 – Normal Run									Pass 2 – Skier Falls									Pass 3 – Skier makes full pass									Pass 4 – Speed increase/ skier misses mini buoy										
Name	**S**	**G**	**1**	**2**	**3**	**4**	**5**	**6**	**G**	**Score**	**G**	**1**	**2**	**3**	**4**	**5**	**6**	**G**	**Score**	**G**	**1**	**2**	**3**	**4**	**5**	**6**	**G**	**Score**	**G**	**1**	**2**	**3**	**4**	**5**	**6**	**G**	**Score**	**Total**
John Smith	37	×	5	6	7	8	9	1	✓		✓	1	9	1	F	×	×	×		✓	1	1	1	1	1	1	✓		✓ 40	5	6	5	0	×	×	×		

✓ - Got through gate × - Did not get through gate **F** – Indicates fall and is followed by crosses as scoring stops. **0** – Indicates skier has gone inside a mini course buoy and is followed by crosses to indicate scoring has stopped. **1** – Got around the outer buoy.

Other numbers – 5, 6, 7, 8, 9 represent to what degree the skier cleared the mini course buoy. *Eg: If skier just makes it around a mini course buoy they will get 0.5 which is recorded as 5 on scoresheet to allow judges to record results quickly.*

Speed Increase – A skier's speed will increase automatically after a full pass of outer buoys is achieved. Indicate a speed increase by recording the new speed at bottom of start gate box on next pass.

Missed End Gate – When a skier misses the end gate, the score for the number 6 buoy will not be counted.
